The sun has got his hat on hip, hip, hip hooray???

Green's update and can you help?

Yes, the sun is drying the course, but Greenkeeper reminds us on Twitter that there is no need to panic, the grass won't die it will just hibernate. Meanwhile, Jason, his team and a hard working group of volunteers are out there in the mornings watering the greens. The report from STRI says: "the hot dry weather has put the greens into a critical position. The volunteers who have been applying water have done an excellent job and without their help, turf decline would already be much greater." Water is a must as is the help to water the greens. If you can offer some time to help with the greens please ring the club or speak to Jason.

Summer Event raises £000's

The weather certainly helped the summer event which was a fantastic success. Captain and Lady Captain put a great deal of hard work along with Vice-Captain and Lady Captain Elect and a team of volunteers to ensure the day went ahead smoothly with both panache and fun.

Volunteers are out first thing in the morning – 5.00 - to ensure members can enjoy the greens.

Andy Dunn (of EA Blinds) with Ged Taylor, Gordon Carswell and Shaun Marsden (visitor) took the top prize of £ with a wapping score of 98. Mike Bann pictured left, won the par 3 competition. Sadly no one won the Mercedes or the cash prizes on offer for all the other par 3 hole in one competitions
